Backend: Node.js, Express.js, Python, Django, RESTful API.
Databases & Cloud: MongoDB, MySQL, MongoDB Atlas.
Deployment & Tools: Vercel, Render, Git, GitHub, VS Code, Cursor AI.
Concepts: Data Structures, OOP.

INTERNSHIP

Full-Stack Developer Intern |Blue Planet, Pune, India.

Nov 2025 – Apr 2026

- Built and deployed full-stack applications using **React.js**, **Next.js**, and **Node.js**.
- Integrated **REST APIs** and implemented **Claude AI** features to enhance application functionality.
- Used **Cursor AI** and **Git** to improve development efficiency and performance.

WordPress Developer Intern | FADWRAP, Chandigarh City Center (C.C.C).

Sept 2022 – Mar 2023

- Developed 15+ responsive client websites using WordPress, HTML, CSS, and JavaScript.
- Improved website performance and user experience through responsive design and optimization.
- Implemented on-page SEO techniques to increase website traffic and search visibility.

PROJECTS

Learning Management System (LMS) Website

- Built a full-stack MERN application with authentication and role-based access control.
- Developed RESTful APIs and implemented CRUD operations using Node.js and MongoDB.
- Deployed the application with secure routing and responsive React frontend.

E-Commerce Web Application

- Developed a full-stack e-commerce platform using MongoDB, Express.js, React.js, and Node.js.
- Implemented authentication, product management, cart, and order processing features.
- Designed RESTful APIs and deployed the application with responsive user interface.

CERTIFICATIONS

- AWS Educate to Cloud 101
- Salesforce Developer
